Distributors of NURSERY STOCK - BULBS - SEEDS

TO OUR GARDENING FRIENDS:

After heavy snows, planting conditions should be ideal this spring in the Northwest, and we have a large list of the best nursery stock and seeds from the following specialists: Jackson & Perkins roses (raised in northern snow country), Brand's world famous peonies, annual plants from Sutton seeds imported by us, evergreens, fruits, shade trees and flowering shrubs from northern, cold climate growers. Our perennials, all field grown from our own seed selections of the best strains, are dug fresh daily. Lawn seeds, bent grass and flower and vegetable seeds are specially selected from certified seeds.

We cordially invite you to visit our three gardens, including our lily pools, our dirt floor storage shed and basement. With these unequalled nursery facilities right in the city, we can keep our stock fresh, and dry store air cannot get at it. Trees and evergreens are in the ground to be dug on your selection.

Why do we say *low prices* when we emphasize only the *best quality*? That was our founder's policy and we shall stick to it. We are not hungry for big profits, and our large volume and storage facilities make carload purchases possible—and, therefore, the best values. A sample order will readily convince you. Gardening is the best tonic for men and women, and we enjoy promoting it.

For new ideas we suggest planting bright colored flowers in the front of your house. That is the friendly greeting to the world, to your friends—much more so than mere lawns and evergreens. Border plants, window boxes, geranium, petunia, zinnia, snapdragon beds along your walk, etc., carry out the idea of earlier tulip beds.

We will have morning radio broadcasts over WCCO, and special announcements in the Minneapolis papers. If you will care for your plants, feed them well with good soil and fertilizer, prune them, exercise them with a good mulch, you will have much bigger returns. We will gladly answer inquiries, or specific problems if need be, with the help of the state authorities and University Farm. Our stock is all inspected and can be planted up to the Canadian border.

Respectfully,

J. D. HOLTZERMANN

P. S.—In summer I go to Holland and select tulip bulbs from the same house that supplies them to the Queen of Holland. So do we pick out our nursery stock here in the United States—only the best values are good enough for our customers.

HARDY FLOWERING SHRUBS

Almond, double flowering pink, early spring, 2-3 ft., 49c.

Double flowering white, early spring, 2-3 ft., 49c.

Barberry Thunbergi (Japanese), low compact growing, small yellow flowers followed by red berries in the fall. 12-18 in., 10c; 18-24 in., 15c.

Barberry Red Leaf, a new introduction with a red foliage all season, 1½ ft., 23c.

Butterfly Bush, also called summer lilac, reddish violet flowers all the latter part of summer, fragrant, 2 ft., 25c.

Siberian Pca Tree (*Caragana arborescens*), a tall growing shrub with bright yellow flowers in May, very hardy, 2-3 ft., 10c.

Cotoneaster, beautiful dark green, glossy leaves, upright growth, small white flowers followed by black berries, 2 ft., 23c.

Crab, Bechtel's double flowering pink, one of the finest flowering ornamental trees, May, 3-4 ft., 69c.

Currant, yellow flowering, fragrant yellow flowers very early in the spring, 2-3 ft., 25c.

Dogwood (*Cornus Siberica*), red twigged, very effective in the winter, 2-3 ft., 15c.

Dogwood, Golden, bright yellow twigs, a fine contrast with the red variety, 2-3 ft., 23c.

Dogwood, Variegated, an outstanding foliage shrub, leaves silver blotched, red twigs, 39c.

Elder Golden Leaf, golden yellow foliage, clusters of white flowers, rapid grower, 2-3 ft., 35c.

Elder Cut Leaf, foliage dark green and very lacy, 2-3 ft., 25c.

Highbush Cranberry (*Viburnum opulus*), large ornamental shrub, clusters of white flowers. Brilliant scarlet fruit nearly all winter, 2-3 ft., 35c.

Snowball Bush, the old-fashioned snowball with large globular clusters of flowers in May, 2-3 ft., 35c; 3-4 ft., 49c.

Forsythia, Golden Bell, these shrubs are covered with yellow flowers early in the spring before the leaves are developed, 2-3 ft., 25c.

Honeysuckle, Tartarian White, large shrub of sturdy growth, bright green leaves, flowers followed by red berries, 2-3 ft., 23c.

Tartarian pink, 2-3 ft., 23c.

Tartarian red, 2-3 ft., 25c.

Hydrangea A. G. (*arborescens grandiflora*), summer blooming, large clusters of white flowers in July and August, 12-18 in., 15c; 18-24 in., 29c; 2-3 ft., 39c.

Hydrangea P. G. (*paniculata grandiflora*), fall blooming, large panicles of pink flowers, changing to bronze in the late fall, 12-18 in., 15c; 18-24 in., 29c; 2-3 ft., 39c.

Tree Hydrangea, fall blooming hydrangea in tree form, 3-4 ft., 89c.

Lilac, old-fashioned purple, fragrant purple flowers, abundant dark green foliage, excellent for a screen, 2-3 ft., 23c; white, a little slower in growth than the purple lilac, 18-24 in., 23c.

Lilac, Persian, slender branches, small leaves, bright purple flowers, 3-4 ft., 35c.

French Hybrid Lilaes, we are offering some of the finest varieties at these bargain prices—French lilacs are more compact than the common lilacs and will bloom on young plants and much more profusely,
3 ft. Each..... **69¢**

Mme. Casimer Perier, double creamy white,

Senator Volland, clear pink, 2-3 ft.

Charles Sargent, double light lavender.

President Carnot, double deep lavender.

Charles X., single red.

Volcan, deep red.

Maurice de Vilmorán, double blue.

President Grevy, double light blue.

415-429 Cedar Ave., Minneapolis, Minn.

(Do not fail to add 15% (15 per cent) of the order total for packing and postage expense.)

[illegible]

Hedge Plants

In trimming a hedge it is very important not to make the common mistake of having the top wider than the bottom—the top must be narrower than the base so the sunlight can reach all sides of the hedge.

Not less than 25 plants will be sold at the 100 price rate.

Japanese Barberry (Thunbergi), for a low dense hedge, 12-15 in., 5c each; \$4 per 100.

Buckthorn, the most valuable plant for a strong hedge, 18-24 in., 10c each; \$8 per 100; 2-3 ft., 15c each; \$12 per 100.

Cotoneaster, we predict a great popularity for this beautiful shrub. The foliage—dark green and glossy leaves—is outstanding and the shrub is of dense growth and rugged hardiness, 18-24 in., 20c each; \$15 per 100.

Caragana Siberian Pea Tree, very ornamental for tall hedge, 18-24 in., 5c each; \$4 per 100.

Hedgewood, a Siberian willow of extremely bushy growth, 2-3 ft., 15c each; \$12 per 100.

Russian Olive, beautiful silver foliage, tall grower, 2-3 ft., 10c each; \$8 per 100.

MISCELLANEOUS

Water Hyacinths, 10c.
Umbrella Plants, 25c.

How To Order

Send remittance (money order or check), with each order; no C. O. D. orders accepted.

Add 15 per cent (15%), of your order total for packing and postage.

All quotations in this list are net and orders are accepted subject to stock being unsold. If sold out, we reserve the right to substitute, unless your order states: "Do Not Substitute."

Large stock and fertilizer (balled and burlapped Evergreens, Shade and Ornamental Trees) will be sent shipping charges collect (by freight or express).

FLOWERING SHRUBS

Lilac, Rothomagensis, in growth similar to the Persian but flowers shading to red, 2-3 ft., 29c.

Flowering Plum, double pink (*Prunus triloba*), very similar to Flowering Almond, 3-4 ft., 49c.

Red Leaf Plum, red foliage all season, 2-3 ft., 39c.

Japanese Quince, beautiful blossoms from delicate pink to deep red, a protection in severe winters is advisable, 2-3 ft., 39c.

Snowberry, white, slender branched shrub with small pink flowers followed by pure white berries, 2-3 ft., 23c.

Snowberry, red, also called Coralberry or Indian Currant, red berries in the fall, 2-3 ft., 19c.

Sumac Cut Leaf, very ornamental shrub with its deeply cut foliage changing to red in the fall, 2-3 ft., 39c.

SPIREAS

Anthony Waterer, crimson flowers in flat-topped clusters in early summer and at intervals till fall if cut as they fade, dwarf and bushy, very popular, 12-18 in., 15c; 18-24 in., 23c.

Arguta, this is the earliest flowering spirea with star-like white flowers, small leaves on a very bushy plant, 2-2½ ft., 23c.

Aurea, golden leaf and white flowers, vigorous grower, 2-3 ft., 23c.

Billardi, dense panicles of pink flowers in midsummer, 2-3 ft., 23c.

Bumalda, pink, otherwise similar to Anthony Waterer, 18-12 in., 23c.

Callosa Alba, white flat-topped clusters, dwarf bush, 1½ ft., 23c.

Froebelli, large heads of rose-colored flowers, very fine foliage, shrub of medium height, 2-2½ ft., 23c.

Sorbitolia, ash leaf, foliage similar to that of the Mt. Ash, long spikes of white flowers, vigorous grower, 2 ft., 23c.

Syringa Coronarius, sweet Mock Orange, 2-3 ft., 23c.

Syringa Grandiflora, large flowering Mock Orange, 2-3 ft., 23c.

Syringa Lemoine, dwarf Mock Orange, 2 ft., 33c.

Tamarix, small feathery foliage, delicate pink flower spikes, slender long branches, 2-3 ft., 29c.

Viburnum Dentatum, Arrowwood, green, heart-shaped leaves, turning red in the fall, white flowers, black fruit, 2-3 ft., 35c.

Viburnum Lantana, wayfaring tree, beautifully wrinkled leaves, white flowers, red-black fruit, 2-3 ft., 35c.

SPECIAL
